

Móz Designs Inc. – Manufacturer of Architectural Interior Metals

Móz Designs strives to be a leader in providing innovative products and creative solutions to the leading edge design/build community with unsurpassed quality and customer service.

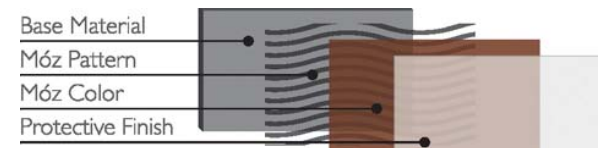

The mission of Móz Designs is to partner with architects and designers and provide support and long term commitment to the design and installation of their specified products. We work directly with general contractors to address all field conditions, taking this burden off of the architect or designer.

Móz custom panels transform the mood of your space and inspire your most important clients. Whether you are looking to excite with a high-impact design or enhance with a subtle concept. The richness and depth of our unique metal surfacing adds a dynamic element to your office spaces, hallways, hotel lobbies, entertainment arenas, institutional settings and restaurant/bar areas.

- Choose from any of our 25 colors and our 14 hand-etched patterns to decorate your panels.
- Ask how you can incorporate a Móz Blendz design in your project.
- Special finishes are available for Interiors, High Traffic Areas, and Exteriors, with gloss and satin options.

Móz Metals is known throughout the industry as our exquisite hand-etched patterns combined with translucent colors on metal. Móz Metals is offered either in [sheets](#) (.040" thickness) or [architectural products](#) (.063" thickness and above). Our selections give you over 300 options for creating dynamic, visually inspiring environments. Simply choose a [pattern](#), [color](#), and [protective finish](#) for your [base material](#), and instantly transform your space.
